

Christmas 2023 Support Guidelines

Thank you so much for your interest in supporting Helping Hand Home during the 2023 Holiday Season!

Here are a few important guidelines to follow during the holiday season for giving and volunteering!

1. We only accept brand new items

To give our children the best quality of care and ensure the safety of our children and staff we are not able to accept previously owned/used donations.

2. We do not accept unplanned drop-offs at the door

Any donation drop-off needs to be scheduled with our Donor Relations manager, Mary Ellen Lewis. Please email to schedule a donation drop off at:

mlewis@helpinghandhome.org

3. Please contact HHH before any office Toy Drives or donation drive fulfillments.

Due to limited storage space, we ask you contact us before any donation drive put in place. **We have specific needs this holiday that we would love to be fulfilled that are beyond toys.** We also have a specific number of kids that live here so we would like to plan accordingly. Please fill out donation sheet link below to request a donation drop off
